

Camilla Thelin, designer High Coast Sweden

Camilla loves and cherishes nature. She gets a lot of her inspiration, close to home, from the beautiful surroundings at Höga Kusten, Norrland. She is inspired by the sea, the flowers, the mountains and the forest, which you can see in her collections.

Her fermented herring collection is well-known both in Sweden and abroad

Camilla is also an artist and creates paintings.

Her goal is to continue to create and spread her design and art around the country.
